The Myers-Briggs Personality Assessment offered by The Steeper Climb

The Purpose of the Myers-Briggs Personality Assessment is

To provide insight into:

- Your strengths
- How you process information
- How you make decisions
- What stresses you
- How to manage what stresses you
- What careers fit your personality
- How to work effectively with other individuals with different personality types
- What type of work environment would best suit your personality type
- An opportunity to validate the personality type assessment; its a process of self-discovery
